press release

Peaceful Mountain, Inc. named to 2007 Boulder County Business Report's Mercury 100 list.

BOULDER, Colo. (May 22, 2007) – Peaceful Mountain, Inc. has been named to the 2007 Boulder County Business Report's Mercury 100 list as one of the top 25 fastest-growing private companies in the Boulder Valley.

Peaceful Mountain, Inc. has gained tremendous recognition for their effective all-natural healthcare products here in the Boulder Valley and throughout the Country. Peaceful Mountain products are currently available in over 3500 locations and, as reflected by the Boulder County Business Report, the numbers are growing quickly. The business was founded in 1998 and has enjoyed growth and success partnering with such national accounts as Whole Foods Markets.

About Peaceful Mountain:

The Peaceful Mountain product line was born with the belief that many common problems could be helped with the powerful herbs and elements supplied by nature. It is our goal to construct products that are natural, holistic and formulated for specific circumstances. As the tradition continues, rigorous scientific testing is the ultimate authority regarding the release of these solutions as Peaceful Mountain products. Only products that offer superior performance or fill a pressing need are brought to the market.
